The Honorable Board of Supervisors
County of Los Angeles

500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**APPROVAL OF AN AMENDMENT TO THE AFFILIATION AGREEMENT
WITH THE REGENTS OF THE UNIVERSITY OF CALIFORNIA, LOS ANGELES
(UCLA), ON BEHALF OF THE DAVID GEFFEN SCHOOL OF MEDICINE AT
UCLA SCHOOL OF MEDICINE AND THE UCLA
NEUROPSYCHIATRIC INSTITUTE AND HOSPITAL
FOR FISCAL YEAR 2005-2006
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve and authorize the Director of Mental Health or his designee to prepare, sign, and execute an amendment, substantially similar to the Attachment, to the Affiliation Agreement with the Regents of the University of California, Los Angeles (UCLA), for the provision of academic and medical teaching services at the Harbor-UCLA Medical Center and Metropolitan State Hospital. The Amendment will be effective September 1, 2005, through the term of the Affiliation Agreement, which expires on June 30, 2006. The amendment will add \$468,232 to the Affiliation Agreement's current Fiscal Year (FY) 2005-2006 Maximum Contract Amount (MCA) of \$2,732,493 for a revised MCA of \$3,200,725, fully funded by Sales Tax Realignment Funds included in the FY 2005-2006 Adopted Budget.
2. Delegate authority to the Director of Mental Health or his designee to prepare, sign, and execute future amendments to the Affiliation Agreement and establish as a new MCA the aggregate of the original Agreement and all amendments provided that: 1) the County's total payments to Contractor under this Agreement for each fiscal year

"To Enrich Lives Through Effective And Caring Service"

shall not exceed an increase of 20 percent from the applicable revised MCA; 2) any such increase shall be used to provide additional services or to reflect program and/or policy changes; 3) the Board of Supervisors has appropriated sufficient funds for all changes; 4) approval of County Counsel and the Chief Administrative Office (CAO) or their designee is obtained prior to any such Amendment; 5) the parties may, by written Amendment, mutually agree to reduce programs or services without reference to the 20 percent limitation; and 6) the Director of Mental Health shall notify the Board of Supervisors of Agreement changes in writing within 30 days after execution of each Amendment.

PURPOSE OF RECOMMENDED ACTION

The purpose of the requested action is to include the academic and medical teaching services provided by UCLA at Harbor-UCLA Medical Center and Metropolitan State Hospital in the overarching Affiliation Agreement between UCLA and the Department of Mental Health (DMH), approved by your Board on July 1, 2001. Inclusion of these services in the Affiliation Agreement will eliminate the need for a duplicative, separate Psychiatric Services Agreement between the Department of Health Services (DHS) and UCLA. The Affiliation Agreement was established to provide a framework for a relationship between DMH and UCLA that would accomplish their shared goals. These goals include the transferring of state-of-the-art, successful treatment strategies from academic settings to community mental health facilities and the promotion of training and interest within the academic community in the field of community psychiatry, psychology, and related professions. The recommended actions will include the Harbor-UCLA Medical Center and Metropolitan State Hospital in the facilities to be served through the Affiliation Agreement under Addendum A of the Agreement. The clinical psychological testing, evaluation, and therapy services provided by clinical psychology interns and fellows as part of their training programs, and teaching and training of psychiatry interns, residents, and facility staff in the areas of psychiatric emergency, crisis, and adult/child outpatient and inpatient services will be continued through the Affiliation Agreement. The requested action will also bring the academic and medical teaching services for County psychiatry/child psychiatry fellows and residents provided by UCLA at Metropolitan State Hospital under the purview of the Affiliation Agreement.

Implementation of Strategic Plan Goals

The recommended Board actions are consistent with the principles of the Countywide Strategic Plan Organizational Goal No.1, "Service Excellence," and Goal No. 3, "Organizational Effectiveness," and Programmatic Goal No. 7, "Health and Mental Health."

FISCAL IMPACT/FINANCING

There is no increase in net County cost.

The requested action is fully funded by \$468,232 in Sales Tax Realignment Funds included in the FY 2005-2006 DMH's Adopted Budget. This funding was previously provided to DHS to fund the Psychiatric Services Agreement between DHS and UCLA, which will be terminated August 31, 2005 and will not be renewed.

FACTS AND PROVISIONS

Since October 15, 1985, the UCLA School of Medicine has provided psychiatric teaching and training experiences for interns, residents, fellows, and staff at Harbor-UCLA Medical Center through a Psychiatric Services Agreement between DHS and the Regents of the University of California. These services consist of testing, evaluation, and therapy services for adults and children by clinical psychology interns and clinical psychology fellows as part of their training programs, supervised by Medical Center staff who also have UCLA Medical School faculty status; and teaching and training of psychiatry interns and residents in the areas of psychiatric emergency, crisis, and adult/child outpatient and inpatient services.

During FY 1999-2000, DMH participated with DHS and State DMH in reaching agreement to provide similar training experiences at Metropolitan State Hospital through the Psychiatric Services Agreement funded by DMH. This arrangement not only provides unique training opportunities, but also has been successful in elevating the quality of care for Los Angeles County residents at that facility.

As noted above, DMH, with the approval of your Board, entered into a formal agreement with the Regents of the University of California effective July 1, 2001. This Affiliation Agreement is designed as an "umbrella agreement" intended to engender a relationship between UCLA and DMH that is easily adaptable to the ever changing needs of the community. Currently, under this Agreement, UCLA provides academic and medical teaching services and related training activities at mutually agreed upon DMH facilities and programs.

DMH currently provides funding to DHS for the Psychiatric Services Agreement No. H-206298, which is between DHS and the Regents of the University of California.

This Agreement, which was slated to end June 30, 2005, was extended by your Board for 12 months in order to give DMH and DHS additional time to finalize the details of the incorporation of the Psychiatric Services Agreement into the Affiliation Agreement.

The Amendment format has been approved as to form by County Counsel. The CAO and DMH's Program and Fiscal Administrations have reviewed the proposed actions.

CONTRACTING PROCESS

Because this Amendment to the Affiliation Agreement is a re-negotiation of an existing Agreement with DHS and the services are specific to the medical school in question, DMH did not advertise this amendment on the Office of Small Business' Countywide Web Site.

IMPACT ON CURRENT SERVICES

Upon approval by your Board, DMH will amend the existing DMH Affiliation Agreement No. DMH-00964. The provision of these academic and medical teaching services at Harbor-UCLA Medical Center and Metropolitan State Hospital through the UCLA Affiliation Agreement will eliminate the need for duplicate agreements for similar services and result in more efficient and effective service provision.

CONCLUSION

The Department of Mental Health will need one (1) copy of the adopted Board's action. It is requested that the Executive Officer of the Board notifies the Department of Mental Health's Contracts Development and Administration Division at (213) 738-4684 when this document is available.

Respectfully submitted,
